

CAREER PROFILE

Greetings! I am Corneel, 26 years and have a background in IT, with a focus on cloud, networking, and on-premise systems. I want to gain experience in all possible areas. I see learning new things by doing as a great challenge for myself.

I am looking for an exciting job, with many new technologies, because I like to be involved in IT policy and the organization, I find a lot of challenge in looking for a suitable IT solution for every problem.
